The Golden Gate Bridge

The Golden gate Bridge has linked San Francisco and Marin Peninsula for more 1
50 years. However, building it was not an easy task. The idea of linking the two places
was not a new one but it wasn't 2..... 1917 that the first workable design was
produced. It would take twenty years to complete the bridge, and from the outset there
were 3 difficulties: rough waters, the often foggy conditions and the
danger of earthquakes all combined to make constructing this bridge a 4
tricker business than building New York's George Washington Bridge. The Golden Gate
Bridge, 5 was then the largest in the world, was finished
6 May 27th, 1937. Californians flocked to their new showpiece and
walked from one end to the 7 The next day it was opened to
cars. 8 the past 77 years it 9 been part of
daily life for millions of commuters. Of course, its paintwork must have kept 10

good condition. A 28-man team of painters is responsible for this.
